Scheduling & Payment

The teacher will reserve a fixed time in her schedule for your weekly lesson(s). You will be charged a fixed amount each month. Subscription fees are to be paid in advance by following the payment instructions given in the invoice email. If you sign up halfway the month, the first invoice will be partial.

Cancellation or rescheduling a lesson

No refunds are given when a student cancels a lesson, regardless of the reason.

Lessons may be rescheduled within 2 weeks before or after the original lesson date, only if the teacher has available spots.

In case of cancellation by the teacher, cancelled lessons will be refunded on the next invoice through a proportional discount.

Holiday Month

Students may request one Holiday Month per calendar year without losing their weekly lesson slot. A Holiday Month must be requested in advance. During the holiday month, the fee is 50% of the regular monthly fee.

If you would like to attend one or two of your regular weekly lessons during this month, this is still possible. Please let the teacher know in advance which of the four weeks you would like to attend.

Ending your subscription

Subscriptions can be cancelled or changed on a monthly basis if the teacher is notified by email at least before the 19th of the previous month.
